## ACADEMIC CALENDAR

1937

June 7, Monday.....Summer term begins.

July 30, Friday.....Summer term ends.

September 2, Thursday.. }  
September 3, Friday.... } Registration and classification of  
September 4, Saturday.. } students.

September 5, Sunday.... Dining hall and dormitories open to  
boarding students.

September 6, Monday.... Registration and classification of  
boarding students.

September 7, Tuesday... Class work begins.

October 14, Thursday.... }  
October 15, Friday..... } Mid-quarter examinations.

November 23, Tuesday... }  
November 24, Wednesday } Quarterly examinations.

November 25, Thursday.. }  
November 26, Friday.... } Thanksgiving holidays.

November 29, Monday... Second quarter begins.

December 22, Wednesday. Christmas recess begins.

1938

January 3, Monday..... Work resumed.

January 13, Thursday... }  
January 14, Friday..... } Mid-quarter examinations.

February 24, Thursday.. }  
February 25, Friday.... } Quarterly examinations.

February 28, Monday.... Third quarter begins.

April 7, Thursday . . . . . { Mid-quarter examinations.  
April 8, Friday . . . . . }

May 15, Sunday . . . . . Commencement sermon.

May 17, Tuesday . . . . . { Quarterly examinations.  
May 18, Wednesday . . . . . }

May 19, Thursday . . . . . Commencement Day — Graduating  
Exercises and Commencement  
Address at 10:30 A. M.

## BOARD OF TRUSTEES

---

G. W. Evans, President.....	Laurel, Rt. 1
B. F. Valentine, Secretary.....	Laurel, Miss.
J. D. Simmons.....	Summerland, Miss.
A. B. Schaubert.....	Laurel, Miss.
E. C. Waggoner.....	Moselle, Miss.
Wiley Shows.....	Ovett, Miss.
W. A. Lewis.....	Rose Hill, Miss.
J. M. Kennedy.....	Bay Springs, Miss.
George Newton.....	Collins, Miss.
N. N. McAlpin.....	Raleigh, Miss.
E. E. Smith.....	Leakesville, Miss.
J. S. Findlayson.....	New Augusta, Miss.

## BOARD OF SUPERVISORS

---

Beat 1.....	E. P. Orso
Beat 2.....	Longino Reddoch
Beat 3.....	Bunk Jordan
Beat 4.....	Allen Boutwell
Beat 5.....	W. A. Grayson

## COUNTY SCHOOL BOARD

---

Beat 1.....	C. L. Houston
Beat 2.....	W. D. C. Hill
Beat 3.....	C. D. Valentine
Beat 4.....	J. S. Long
Beat 5.....	Will Rainey

## OFFICERS OF ADMINISTRATION

---

M. P. Bush, B.S.	President
Mr. H. H. Mitchell	Business Manager
Miss Mary Ellen Jones	Secretary
S. C. Wallace, M.A.	Dean
W. J. Moody, M.S.	Registrar
J. B. Young, B.A.	Principal Sr. H. S.
C. W. Jenkins, B.S.	Principal Jr. H. S.
E. W. Young, M.S.	Director of Athletics
Clara Ervin, B.S.	Librarian
Mrs. J. S. Calloway	Dean of Women

---

## STANDING FACULTY COMMITTEES

---

The President is ex-officio member of all committees.

Schedule and class room: Mr. Bush, Mr. S. C. Wallace, Mr. Moody, Mr. C. W. Jenkins, and Mr. J. B. Young.

Library: Miss Ervin, S. C. Wallace, Miss Ridgway, Mrs. Shook, Mr. Moody, Mr. Smith, and Mr. Dunahoo.

Athletics: Mr. E. W. Young, W. C. Thomas, Mrs. Beard, Mr. Moody, and Miss Griffin.

Inter-collegiate platform events: Miss Simmons, Miss Ridgway, Miss Corley, and Mrs. Buckley.

Uniforms and dress for athletic practice and contests, student picnics and student socials: E. W. Young, W. J. Moody, R. P. Webb, J. C. Watson, T. P. Hill, Miss Yuba Pylant, O. E. McCrory.

Social: J. B. Young, Miss Mary Corley, T. P. Hill, Miss Euanna Griffin, A. H. Blackwell, Miss Yuba Pylant, Miss Thelma Simmons, Mrs. Lela Buckley, W. C. Thomas.

## FACULTY 1936-37

---

M. P. Bush, B.S.	President
Mrs. Lillian Austin Beard, B.A.	English
L. A. Beckman, Jr., B.A., B.D.	Bible
A. H. Blackwell, B.S., M.A.	History
Martha Jane Bradford, B.S.	Art
H. H. Broadway, B.S.	Mathematics
Mrs. Lella Buckley, Degree in Music	Music
Plummer Craft, B.S., M.S.	Mathematics
Ruth Clendenin, B.S.	English, History
Mary Corley, A.B., M.A.	English
W. C. Denson, B.S., M.S.	Biology, Athletics
H. A. Dunahoo, B.A., M.A.	Psychology, Education
J. W. Elmore, B.S., M.A.	Economics, Education
Clara Ervin, B.S.	Library Science
Otho A. Eure, B.A., Th.M., Ph.D.	Bible
W. C. Grayson, B.S.	Mathematics, Agriculture
Euanna Griffin, B.A.	English, Latin
T. P. Hill, B.A.	History
Corine Holliman, Degree in Music	Music
C. W. Jenkins, B.S.	History, Prin. Jr. High School
Maxine Jenkins, B.S.	Mathematics
G. H. Jones, B.A., B.D.	Bible
LaVina Jones, B.S.	History, Girls' Coach
Valera Jones, B.S.	Commercial Work
Verna Lagrone, B.S.	Home Economics
C. W. Lord, B.A., M.A.	History
W. J. Moody, B.S., M.S.	Chemistry, Registrar
Otho McCrory, B.A.	Science, Athletics
Elsie J. McFarland, B.A., M.A., Ph.D.	Mathematics
B. F. Ogletree, B.S.	English, Band Director
Yuba Pylant, B.A.	English
Bettie Ridgway, B.L., B.S., M.A.	English
Mrs. Mary S. Shook, B.S., M.A.	Home Economics
Louise Shook, B.S., M.S.	Geography

Thelma Simmons, B.A., M.A.	English
A. C. L. Smith, B.S., M.S.	Agriculture
H. L. Strickland, B.S.	Study Hall
W. C. Thomas, B.A.	History
J. B. Tisdale, B.S., M.S.	Agriculture
S. C. Wallace, B.S., M.A.	Dean, Political Science
Mrs. T. J. Walters, B.S., M.A.	Home Economics
J. C. Watson, B.S.	Social Sciences, Athletics
R. P. Webb, B.A., M.A.	Modern Language
E. W. Young, B.S., M.S.	Science, Director of Athletics
J. B. Young, B.A., M.A.	Education, Prin. of Sr. H. S.

# General Information

## BUILDINGS

---

The present physical plant of the Junior College consists of nine brick and three frame buildings. All of the buildings are supplied with artesian water, connected with the city sewerage system, provided with satisfactory heating systems, and electrically lighted.

The administration building is a large brick structure. It was erected in 1912. In 1927 it was completely remodeled and enlarged. The administrative offices, library, auditorium, and twenty-one class rooms are located in it.

The junior high school building was erected in 1930. In addition to providing space for the ninth and tenth grades, it houses the home economics laboratories.

The girls' dormitory and the boys' dormitory are large brick structures. There is sufficient space in each of them to take care of about one hundred students. The kitchen and dining hall are located in the girls' dormitory. Several apartments for teachers are located in the boys' dormitory.

The gymnasium provides ample space for indoor athletics. Lockers, dressing rooms, a basketball court, and space to take care of one thousand spectators are provided.

The President's home was constructed in March, 1934. It is a beautiful brick structure.

The barn and farm shop are equipped to meet the needs of the agricultural department.

There are two teachers' homes on the campus. These are provided for the members of the Agricultural department.

At the beginning of the school session of 1937-38, the new \$35,000 vocational building will be ready for occupancy. In this building, a Hosiery Mill will be operated. Students will have an opportunity to learn a trade and at the same time earn money to help defray their expenses.

## ACCREDITING AGENCIES

---

### High School

The high school department is accredited by the State

Accrediting Commission for four years work. It is also a member of the Association of Colleges and Secondary Schools of the Southern States, and this is as high a rating as may be attained by any secondary school in the South.

### Junior College

The junior college department is fully accredited by the Junior College Accrediting Commission of the State. Any junior college student may get credit for work done here at any institution in the state. The junior college is also a member of the American Junior College Association.

---

## PUBLICATIONS

---

The general bulletin with announcements is issued in the spring of each year.

The Radionian, the school paper, is published each week by the student body. It contains an account of the activities of the school and original contributions from members of the student body. During the last month of school a Commencement Special of the Radionian is published. This issue features the outstanding work and activities of the student body for the entire year.

---

## ORGANIZATIONS AND CLUBS

---

### The Band

The entire school is interested in making the band one of the most outstanding musical units in the state. The band works hard to help make the school one of the best schools in the state.

Everyone is interested in the many fine trips the band gets each year. Ask about them if you have not heard.

Credit will be given to high school students who complete the required amount of work on any regular band instrument. This work will be graded quarterly as any other school work

and should be a great inducement for more people to study music.

### The Glee Clubs

From the school, students are chosen for these organizations. The requirements are that the student possess an outstanding voice or the ability to read music exceptionally well with a fair voice. The boys' club and the girls' club meet separately twice each week, but they are combined for the spring program. From these two clubs the quartets are chosen and given two periods of training each week.

### Clubs

During the session of 1936-37, much interest on the part of the students was manifested in club work. This interest was encouraged by the faculty because we believe that the student derives a type of training through club activities that he can not get from regular class work. The following clubs have been organized on the campus, and students are allowed to choose the club which they desire to work with during the year: Jr. High Aircraft Club, Athenian Literary Society, Corotian Club, College Dramatic Club, Harrison Literary Society, Photography Club, Radio Club, High School Dramatic Club, Dunahoo Literary Society, Debating Club, High School International Relations Club, Girls' E. Club, Boys' E. Club, College International Relations Club, The Religious Education Club, and Aurelian Literary Society.

Other clubs may be organized at any time with the approval of the President.

### Religious Organizations

The B. Y. P. U., Epworth Leagues, and the Christian Endeavor are organizations of the local churches that contribute to the religious life of the school. All students are urged to participate in this work.

The Hi-Y and Y. W. A. are student organizations which have as their primary purpose the development of the religious life of the student.

The Y. M. C. A. and Y. W. C. A. have been organized

here and have been growing beautifully under the direction of Mr. T. P. Hill and Miss Yuba Pylant.

### Library

During the session of 1926-27, the senior class, faculty, student body, and friends of the school, realizing the need of the standard library, launched a campaign to secure the necessary funds. In a short time, \$2,000 was raised and 1575 volumes were catalogued. This number has been increased to 6,400. A number of periodicals, bulletins, and daily papers are provided.

The library occupies two rooms on the second floor—a large reading room with a seating capacity of 150, and a separate room for the books. It is equipped with steel stacks, tables, chairs, magazine racks, newspaper files, and bulletin boards.

The Dewey Decimal classification is used and a card catalogue is provided for the convenience of the readers.

The library is open ten hours daily except Saturday and Sunday. It is under the supervision of a full-time trained librarian.

---

## EXPENSES

---

### Living Expenses

The Jones County Agricultural High School and Junior College is a public tax-supported institution. Students whose parents live in Jones, Covington, Jasper, Perry, Smith and Greene counties pay no tuition.

The dormitories are run on a cooperative basis. Each dormitory student will be required to pay \$24.00 in advance for the six weeks. This will include board, heat, lights, laundry, water, and medical fee. This is payable on the following dates:

September 6, 1937  
October 18, 1937  
November 29, 1937  
January 17, 1938

February 28, 1938

April 11, 1938

At the close of each six weeks no boarding student will be permitted to start the next six weeks unless he pays his board in advance.

In times like this, we cannot guarantee the above price for the entire session. There is no telling how high groceries will go. If prices stay within the neighborhood of what they are now, we guarantee that board will not be increased. We reserve the right to change at the end of any six weeks.

All dormitory students are required to pay a fee of \$3.00 when they register. This fee is charged to take care of depreciation on furniture and other equipment of the student's room, and is not returnable.

### Tuition

All students living outside of Jones, Covington, Smith, Jasper, Perry, and Greene counties are charged a tuition fee of \$7.50 each six weeks, payable in advance at the beginning of each term.

### General Fees

Fees required for all college students are as follows:

Athletic fee .....	\$4.00
Library fee .....	3.00
Literary fee .....	2.00

The Athletic fee is to defray expenses of all athletic contests, and the fee admits all college students to athletic contests in which the college team participates on the campus.

For the library fee, students will be given the use of the library for reference work and study.

The literary fee is to pay for the subscription to the Radionian and to defray the expenses of all inter-collegiate contests, including debates.

### Laboratory Fees

Students who take laboratory science courses will be charged the following fees:

200 Chemistry .....	\$3.00 per quarter
---------------------	--------------------

100 Chemistry .....	2.00 per quarter
100 Biology .....	2.00 per quarter
100 Foods .....	2.00 per quarter
Agriculture .....	1.00 per quarter
200 Clothing .....	1.00 per year

These fees are optional with the students. If the student does not take the course, he does not pay the fee.

## STUDENT LABOR

The school offers many opportunities to energetic and deserving students for earning a large part of their expenses. The sweeping of the buildings, the dining room service, the care of the livestock, and a considerable part of the farm operation are handled by our students. Any boy or girl who really wants to work and pay part of his or her expenses here in school can get the work to do.

## ROOMS

The college dormitories will accommodate comfortably about 200 students. These rooms are assigned to students upon application to the President. No room is held for a student after the opening day unless special arrangement has been made.

The boarding department has rented the Myer Building and is prepared to take care of some girls in the building. Prof. and Mrs. W. C. Thomas will have charge of that building. The price there will be the same as in the dormitory and all bills will be paid in the office. We can take care of about twenty girls in that building. No girl will be permitted to board or room in town unless the arrangement is made with the President and has his written permission.

## ARTICLES FURNISHED BY STUDENTS

Each boarding student is required to furnish sheets and

pillow cases, one feather pillow, tooth brush, comb and brush, laundry bag, bath robe, towels, soap and other toilet articles, and sufficient bed cover to keep warm.

---

## LAUNDRY

---

Our steam laundry is operated under skillful management for the benefit of the students and teachers. The laundry work is done at actual cost and this is charged with the board.

---

## STUDENT CONTROL

---

Boys attending school are directly under the control of the President and Mr. E. W. Young, assisted by the men teachers. The girls are under the care of the President and Mrs. J. S. Calloway, assisted by the women teachers.

The school is the students' home and every home-like influence will be thrown around them at all times. No compromises are made with wrong-doing and a high standard of conduct is required of all students. Students will be allowed to spend Saturdays and Sundays at home at stated intervals, but only by written requests from their parents to the President of the school. Home visits, if permitted freely, have a disconcerting influence on the pupil's class work, and for that reason are discouraged.

Day students are under the same regulations as dormitory students whenever they are on the campus.

The only rule we have is DO RIGHT.

---

## CLASS ATTENDANCE

---

Students are expected to attend all classes and other exercises belonging to the program of work.

Unexcused absences from classes or other exercises will result in a pro-rata discount from the term grade.

## WHEN TO REGISTER

---

It is impossible to register all students and arrange their schedules in one day; so we have planned to take four days for registration.

On Thursday, September 2, students from PENDORF, SAND HILL, CENTERVILLE, OAK BOWERY, HEBRON, EMMINENCE, BETHEL LINE, SWEETWATER, PINE GROVE, AND OAK GROVE schools will report to the office and register and arrange schedules. See your truck driver and find out what time he will come. You will not be expected to come on Monday, September 6.

On Friday, September 3, students from POWERS, GLADE, ELLISVILLE JUNCTION, HARMONY, FORREST, OVETT, BLODGETT, JOHNSON and UNION CONSOLIDATED schools will report to the office to register and arrange schedules. See your truck driver and find out what time he will come. You will not be expected to come on Monday, September 6.

On Saturday, September 4, all other day students will be expected to register and arrange schedules. You will not be expected to come on Monday, September 6.

On Monday, September 6, all boarding students will be expected to report to the office to register and arrange schedules and also to be assigned to your respective rooms in the dormitories.

On Tuesday morning, September 7, at 8:30 o'clock, every pupil will be expected in the auditorium. This will be the first general assembly. All necessary announcements will be made at this time. **WE WILL NOT REGISTER ANYBODY OR ARRANGE ANY SCHEDULES ON TUESDAY MORNING.**

We ask the cooperation of both parents and students so we can have the best school we have ever had.

# The High School Department

## ENTRANCE REQUIREMENTS

---

**To the Ninth Grade**—Any student who has completed the grammar school course will be admitted to the first year high school class. The certificate showing completion of the grammar school course or a letter from the principal of the school must be submitted by the student at the time of registration.

**To Advanced Standing**—Students who have completed a part of their high school work must present a transcript of their credits at the time of registration. Proper classification can then be made.

---

## EXAMINATIONS

---

Regular term and quarterly examinations are given at the last regular meeting of the class during the term or quarter.

Students who are entitled to special examinations are given an opportunity to take them during the term immediately following the examination.

---

## GRADING SYSTEM

---

In determining the quarterly grade equal weight is given to the daily and examination grades.

The system used in marking is as follows:

- A. Normally the highest ten per cent of the class.
- B. The next twenty per cent of the class.
- C. The next forty per cent of the class.
- D. The next twenty per cent of the class.
- E. Conditional failure.
- F. Failure without privilege of re-examination.
- I. Indicates incomplete course.

**NOTE:** Students making a grade of E as an average for the quarter, in any subject, will be permitted to remove this conditional grade by taking a special examination. The time and place of the examination will be announced each quarter.

Students failing to report to the scheduled special examination forfeit their right of removing the conditional grade and will be given a grade of F. Grades on special examinations must be either D or F.

---

## REPORTS

---

Mid-quarter reports are given to the students. At the end of each quarter the registrar mails to the parents or guardians of all students a report for that quarter.

---

## REQUIRMENTS FOR GRADUATION

---

The high school diploma will be awarded to students on the completion of sixteen units (three of which must be completed at this institution), distributed as follows:

English—4 units.

Mathematics—3 units.

History—2 units (one in American History).

Elective—7 units.

NOTE: Not more than two units in Music will be accepted for graduation.

## COURSE OF STUDY

### First Year

Required	Credit
English .....	1 unit
Text Used—English In Action, revised edition, by Tresslar.	
Literature and Life, Bk. I, re- vised, by Greenlaw, et al.	
Student's Guide to Lit. and Life, Bk. I, by Miles, et al.	
Algebra .....	1 unit
Text Used—First Year Algebra, by Kriken- berger, Whitcraft-Wilchons.	
Unit Work Book in Algebra, by Stone and Georges.	
Elective (2 or 2 1-2 units to be selected from the follow- ing subjects).	
Latin .....	1 unit
Text Used—First Year Latin, by Foster-Arms.	
Civics .....	1 unit
Text Used—Civics Through Problems, by Ed- monson and Dondineau.	
General Science .....	1 unit
Text Used—Everyday Problems in Science, by Pieper and Beauchamp.	
Agriculture .....	1 unit
Text Used—(Non-vocational)—Farm Crops, by Chapman-Edgerton, et al.	
(Vocational)—Text supplied by department.	
Home Economics .....	1 unit
Text Used—Foods and Homemaking, by Greer, Workbook in Home Making by Greer.	

School Music ..... 1-2 unit

Text Used—Melodia—A Course in Sight Sing-  
ing, Solfeggio, by Cole and  
Davis, Bk. I.

Piano ..... 1-2 unit

Art ..... 1-2 unit

### Second Year

Required ..... Credit

English ..... 1 unit

Text Used—English in Action, by Tresslar.  
Literature and Life, Book II, by  
Greenlaw and Stratton.

Students' Guide to Literature and  
Life, Book II, by Miles, et al.

Algebra ..... 1 unit

Text Used—Algebra, by Brickenberger-Whit-  
craft-Welchons.

or

Advanced Arithmetic ..... 1 unit

Text Used—A Higher Arithmetic, by Stone,  
et al.

Elective (2 or 2 1-2 units to be selected from the follow-  
ing subjects).

Latin ..... 1 unit

Text Used—Second Year Latin, by Foster-  
Arms.

World History ..... 1 unit

Text Used—To be selected.

Biology ..... 1 unit

Text Used—New Biology, by Smallwood, et al.  
Problems in Biology, by  
Smallwood, et al.

Home Economics ..... 1 unit

Text Used—Fabric and Dress, by Rathbone  
and Tarpley.

Art in Home and Clothing, by  
Williams and Trilling.

Workbook for Clothing, High  
School, by Culbert.

Agriculture ..... 1 unit

Text Used—Live Stock and Poultry, by Lancaster.

Live Stock Farming, by Chapman  
and Sheffer.

School Music ..... 1-2 unit

Text Used—Melodia—A Course in Sight Sing-  
ing, Solfeggio, by Cole and  
Lewis, Book II.

History of Music, by Cook.

Piano ..... 1-2 unit

Art ..... 1-2 unit

Third Year

Required ..... Credit

English ..... 1 unit

Text Used—Senior English for Everyday Use,  
by Brubaker-Wheeling.

Literature and Life, Book III, by  
Greenlaw, et al.

Students' Guide to Literature and  
Life, Book III, by Miles-  
Greenlaw.

American History ..... 1 unit

Text Used—The Record of America, by Adams  
and Vamest.

Plane Geometry ..... 1 unit

Text Used—Geometry, by Morgan-Foeberg-  
Breckenridge. Special Edition.

or

Advanced Arithmetic ..... 1 unit

Text Used—A Higher Arithmetic, by Stone,  
et al.

Elective (1 or 1 1-2 units to be selected from the follow-  
ing subjects).

Geography ..... 1 unit

Text Used—The Nations at Work, by Overton.  
Work Test Book.

Chemistry ..... 1 unit

Text Used—Dynamic Chemistry, by Biddle-  
Bush.

Agriculture ..... 1 unit

Text Used—(Books supplied by department.  
\$1.25 fee per year required of  
each student.)

Home Economics ..... 1 unit

Text Used—The Girl and Her Home, Trilling  
and Williams.

The Family and Its Relations, by  
Graves, Skinner and Siverson.

Healthful Living ..... 1-2 unit

Text Used—Healthful Living, by Williams.

School Music ..... 1-2 unit

Text Used—Melodia—A Course in Sight Sing-  
ing, by Cole and Lewis, Book  
IV.

Intervals, Triads and Chords, by  
**Brown.**

Piano ..... 1-2 unit

Art ..... 1-2 unit

Typing ..... 1-2 unit

Text Used—Twentieth Century Typewriting.

Shorthand ..... 1-2 unit

Text Used Gregg Shorthand Functional Meth-  
od, Book I, Book II.

Bookkeeping ..... 1 unit

Text Used—Twentieth Century Bookkeeping  
and Accounting, 17th edition,  
by Baker-Prickett and Carlson.  
Fourth Year

Required ..... Credit

English ..... 1 unit

Text Used—Senior English for Everyday Use,  
by Brubaker and Wheeling.

Literature and Life, Book IV, by  
Greenlaw and Miles.

Students' Guide to Literature and  
Life, Book IV, by Greenlaw  
and Miles.

Elective (3 or 3 1-2 units to be selected from the follow-  
ing subjects).

Economics ..... 1-2 unit

Text Used—To be selected.

Civics ..... 1-2 unit

Text Used—American Government, by Magru-  
der, 1937 edition.

Physics ..... 1 unit

Text Used—Elements of Physics, by Milliken,  
et al.

Exercises in Laboratory Physics,  
by Milliken, et al.

Agriculture ..... 1 unit

Text Used—(Book supplied by the depart-  
ment.)

Solid Geometry ..... 1-2 unit

Text Used—Solid Geometry, by Morgan and  
Breckenridge.

Home Economics ..... 1 unit

Text Used—The Girl and Her Home, by Trill-  
ing and Nicholas.

Art in Home and Clothing, by  
Trilling and Williams.

School Music ..... 1-2 unit

Text Used—Melodia—A Course in Sight Sing-  
ing, Solfeggio, by Cole and  
Lewis, Book IV.

Harmony for Beginners, by Orem.

Piano ..... 1-2 unit

Art ..... 1-2 unit

Typing ..... 1-2 unit

Text Used—Twentieth Century Typewriting,  
Complete, Second Edition.

Shorthand ..... 1-2 unit

Text Used—Gregg Shorthand Functional Method, Book I and Book II.

Bookkeeping ..... 1 unit

Text Used—Twentieth Century Bookkeeping and Accounting. 17th edition, by Baker-Prickett and Carlson.

# The Junior College Department

## ADMISSION

---

### By Certificate

The scholarship requirements for admission to the freshman class are fifteen Carnegie units. An entrance unit is the credit given for a successfully completed course pursued in an accredited high school or preparatory school for an entire academic year, with five recitations per week of not less than forty minutes each. Two laboratory or shop periods count the equivalent of one recitation period.

In all cases the units presented must include three in English, two in mathematics (not including arithmetic), and two in the social sciences.

### By Examination

Students coming from unaccredited high schools or above high school age who lack the necessary units for entrance may take advance examinations. Arrangements should be made with the registrar in advance.

### By Transcript

Students having completed courses in approved institutions of collegiate rank will be granted advanced standing on presenting satisfactory evidence of such work.

## TEACHERS' LICENSE

---

Students who have completed two years of college work, including eighteen (18) quarter hours in education and psychology, may secure license to teach for two years.

## CLASS ATTENDANCE

---

Students are expected to attend all classes, laboratory periods, chapel, and other meetings which constitute a regular part of the college program. Absences of students are harmful to both the students and the school. Unexcused absences from class or other exercises result in pro rata discount from the term grade.

All class absences will be classed under one of the following heads:

1. Official absence.
2. Excused absence.
3. Unexcused absence.

Students who are absent from classes while representing the school in any of its organized activities will not be required to make up the work and the absence will be classed as an official absence, which does not reduce the student's grade. All other absences are excused only when the student makes up the work missed. No teacher will permit a student to make up work missed without permission from the Dean.

For each unexcused absence from class the student's grade will be reduced one letter.

An absence immediately preceding or following a holiday will be counted as two unexcused absences.

If a student is absent from a class more than thirty per cent of the time devoted to that course, he loses one-half credit in that course.

Students who are absent from classes because of leaving school on Friday to make a week-end visit home or because of returning to school late Monday are not excused from class.

---

## CHANGES IN COURSES

---

Members of the faculty will assist students in working out their schedule. Each student should so arrange his schedule that no changes will be necessary during the year. After a student's schedule has been approved by the Dean a charge of one dollar will be made for any changes in the schedule. No change will be made in any student's schedule after the first week of school, unless that change is requested by some member of the faculty.

If a student's abandonment of a course is due to previous neglect of work the grade of F is recorded against him.

A student may be neither enrolled in, nor withdrawn from a course, without first securing the permission of the Dean.

## COURSE NUMBERS

---

Courses numbered from 100 to 200 are normally freshman courses and should be taken in the first year of work.

Courses numbered 200 and above are sophomore courses and should be taken during the second year of study.

In all courses the regular sequence should be adhered to.

---

## SCHOLARSHIP REGULATIONS AND REQUIREMENTS FOR GRADUATION

Every student will be expected to carry at least fifteen quarter hours of work. The maximum allowed is eighteen hours. Each hour of class room work presupposes two hours of preparation on the part of the student.

The junior college certificate, Associate of Arts, is awarded a student on the completion of ninety-one quarter hours of work distributed as follows:

18 quarter hours in English.

9 quarter hours in History.

1 quarter hour in Library Science.

63 quarter hours elective.

The last thirty hours of work must be completed at this school.

In order to graduate, a student must have ninety-one quality credits. In determining the latter:

Each quarter hour of A-grade work counts three quality credits.

Each quarter hour of B-grade work counts two quality credits.

Each quarter hour of C-grade work counts one quality credit.

A student will not be granted a certificate from the junior college unless he has been regularly enrolled for one year.

---

## JUNIOR COLLEGE CURRICULUM

---

We advise that students who expect to go on to Senior

College after finishing Jones County Junior College secure a copy of the catalog of the Senior College which you expect to attend and plan your course here to fit into the course which you expect to continue when you enter Senior College.

In order to assist students in doing this, we have arranged below curriculums to fit into the various senior colleges. Students who keep their courses properly lined up here will not lose any credit at the Senior College.

# Course of Study

## AGRICULTURE

---

Mr. Smith and Mr. Tisdale

100. Cotton Production (4). Laboratory fee \$1.00.

Two recitations and two laboratory periods per week. This course deals with the production and marketing of cotton. Fall quarter.

101. Field Crops (4). Laboratory fee \$1.00.

Two hours recitation and two laboratory periods per week. This course is devoted to selection, seeding, cultivating, and harvesting field crops. Winter quarter.

102. Principles of Horticulture (4). Laboratory fee \$1.00.

Two hours recitation and two laboratory periods per week. This course is a study of plant production and general principles of horticulture. Spring quarter.

200. Agriculture (4). Laboratory fee \$1.00.

Soil Management. Two recitations and two laboratory periods per week. This is not a technical course. The care and management of soils in their relation to fertility and crop production form the basis for this course.

201. Agriculture (4). Laboratory fee \$1.00.

Dairy Husbandry. Two recitations and two laboratory periods per week. A study is made of the types and breeds of dairy cows, feeds, and feeding.

202. Vegetable Gardening (3). Laboratory fee \$1.00.

This course is principally devoted to the home garden. Two recitations and two laboratory periods per week.

---

## ART

---

Miss Bradford

141-142. Mechanical Drawing (2)

A foundation course in engineering drawing. Freehand sketching and lettering, use of instruments, engineering geo-

metry, projection, sectional and auxiliary planes, dimensioning and machine parts.

Three hours a week of studio work. Fee \$3.00 per month.

Credit is given in the following courses according to the number of hours taken. One quarter hour credit for two hours per week of studio work. Advanced courses in the same subjects are offered in the second year. The fee is \$2.00 per month for each quarter hour of work taken.

151-152-153. Public School Art

Arts relation to general curriculum. Paper cutting, story illustrating, poster making, design and color to meet the needs of the grade and high school teachers.

101-102-103. Advertising Art

Study of fundamentals of design, color, lettering. Application to advertising purposes. Reproduction processes.

121-122-123. Fashion Design

Color, line, form, and texture in dress design. Study of historic costume with adaptations to present day needs. Illustration of original designs.

131-132-133. Home Economics Art

The fundamentals of color, line, and form. Adaption to the use of the Home Economics students.

161-162-163. Drawing and Painting

Pencil, charcoal, water color, tempera, oil. Emphasis on construction, proportion, light and shade.

---

## THE DEPARTMENT OF ENGLISH BIBLE

---

Mr. Jones, Mr. Beckman, Mr. Eure

The courses in this department are taught by the pastors of the Baptist, Methodist, and Presbyterian churches of Ellisville. These pastors get no remuneration whatever for teaching, and no student is required to take any course in this department. Each course will hold classes twice a week and full two-hour credit will be given to the students who elect these courses. The teaching in each course will be strictly non-sectarian or non-denominational.

110. How to Use the Bible (2). Rev. G. H. Jones.

This is a general course that should broaden one's interest in the Bible and appreciation of it. In a general way, it will be seen what the Bible is, and careful attention will be given to the fundamental principles of how to make a correct use of it.

111. Old Testament History (2)

This is a study in outline form of the history of the period in which the Old Testament was written and of the history embodied in it. The study of Old Testament lands, nations, and of the Jewish race provide a background which gives a deeper appreciation of the New Testament times and of the Christian religion.

112. Old Testament Literature (2)

This is a reading course in the Bible itself, which serves as the text book. The non-historical portions of the Old Testament are used—such as Genesis, Ruth, Esther, Job, Psalms, Proverbs, Ecclesiastes, Jonah, and Hosea—and are allowed to speak their message as literature. This reading will be guided in the classroom by frank discussions and by lectures.

120. The Four Gospels (2). Rev. L. A. Beckman

This course is for students of either first or second year College. There is no prerequisite. Two classes are held each week. During the Fall and Winter quarters, there will be a study of the life of Christ as it is found in the Synoptic Gospels: Matthew, Mark, Luke. These three have the same general purpose: that is, to give a record of the life and work of Christ.

121. The Four Gospels (2)

Continuation of 120.

122. The Four Gospels (2)

During the Spring quarter, there will be a study of the Gospel of John. This Gospel is quite different from the other three, because it is written, not to give the life of Christ, but to correct certain errors which had come into circulation as to Christ himself; therefore, John gives more space to the Discourses of Christ and less space to his life and work. The entire course will be simply a study of the factual content,

with no denominational or controversial matters considered,  
140. Bible (2). Rev. O. A. Eure.

The purpose of this course is to acquaint the student with the New Testament, beginning with The Acts and extending through Revelation.

The first quarter will be given to the study of the life and writings of the Apostle Paul. This takes all of The Acts and the thirteen epistles written by Paul. Most of the contemporary history is studied. Bible geography receives deserved attention. Written work as a result of research is required of each student all during the course.

141. Bible (2)

This course is a continuation of 140.

142. Bible (2)

The third quarter will be used to study the other epistles and Revelation. Much of the same procedure will be used as in the other quarters.

---

## BIOLOGY

---

Mr. Denson

100. General Biology (4). Laboratory fee \$2.00

This course is a study of plants and animals, including man. Special attention is given to the relation of plants and animals to human welfare. Laboratory work is composed of practical study of plants from lowest to highest form and animals from the one-celled through the frog. Two lecture and four hours laboratory per week.

101. General Biology (4). Laboratory fee \$2.00

A continuation of 100 General Biology.

102. General Biology (4). Laboratory fee \$2.00

A continuation of 101 General Biology.

---

## CHEMISTRY

---

Mr. Moody

100. Inorganic Chemistry (4). Laboratory fee \$2.00

This course fulfills the requirements in general chemistry for the first year in literary, premedical, engineering, and home economics courses. The course consists of two hours lecture and four hours of laboratory each week. The lectures are tested by demonstrations and quizzes. The student is required to do individual work in the laboratory.

The first quarter is devoted to a careful study of fundamental principles and laws, the occurrence, properties, preparation, and uses of the non-metallic elements and some of their compounds, and to chemical calculation.

101. Inorganic Chemistry (4). Laboratory fee \$2.00

Prerequisite: Chemistry 100.

A continuation of Chemistry 100. The work during this quarter includes an elementary course in organic chemistry.

102. Inorganic Chemistry (4). Laboratory fee \$2.00

Prerequisite: Chemistry 101.

The work of this quarter includes a study of metals with a special reference to their uses and to qualitative analysis. The laboratory work is devoted to a short outline of qualitative analysis.

---

200. Organic Chemistry (4). Laboratory fee \$3.00

Two lectures, four hours laboratory.

Prerequisites: Chemistry 100, 101, 102.

A course of elementary organic chemistry. The greater part of the course is devoted to aliphatic compounds, followed by a brief introduction to aromatic chemistry. This course includes a study of the fundamental types of organic compounds, their nomenclature, classification, reactions, and general application.

The quarter's work includes a study of the open chain compounds, and methods of organic analysis and determination of formula, etc.

201. Organic Chemistry (4). Laboratory fee \$3.00

This is a continuation of the first quarter's work with special attention given to the Amines, Cyanogen, Compounds, Polyhydric alcohols, Carbohydrates, and other derivatives.

202. Organic Chemistry (4). Laboratory fee \$3.00

The cyclic compounds are studied during the third quarter. Some attention is given to agricultural and food chemistry.

---

## COMMERCIAL DEPARTMENT

---

100. Introduction to Accounting (3)

The work in this course includes a study of the accounting statements, analysis of business transactions, the recording of same in journals, posting to ledgers. Exercises and problems are worked. Meets four periods a week.

101. Introduction to Accounting (3)

This course is a continuation of 100 accounting with special stress on adjusting entries, closing entries, working sheet. It gives special problems dealing with the nature of partnerships. A short practice set is used. Meets four periods a week.

102. Introduction to Accounting (3)

Prerequisite: Accounting 100, 101.

Description of Course: The principles of corporation book-keeping and accounting are developed in this course by means of exercises and a practice set. Meets four periods a week.

100. Typewriting (no credit)

Touch system, special attention given to care and mechanism of machine. Drills to establish correct habits in writing. A typewriter rental fee of \$2.25 per six weeks is charged each student in all typewriting courses.

101. Typewriting (no credit)

Continuation of 100, more highly specialized and technical work as found in a business office.

102. Typewriting (no credit)

Continuation of 101, speed drills preparatory to forty and sixty word international test. Typewriting courses are open to all students of the junior college. No credit towards graduation is given.

100. Shorthand (3)

A study of principles of Gregg shorthand. Special at-

tention is given to reading. The student does not write anything until he has a clear mental picture of what he is to write. The Functional Method is used. Meets four periods per week.

101. Shorthand (3)

Continuation of 100 to acquire a larger vocabulary.

102. Shorthand (3)

Continuation of 101 striving toward mastery of subject.

---

## EDUCATION AND PSYCHOLOGY

---

Mr. Dunahoo, Mr. Young, Mr. Elmore

100. Introduction to Education (3)

This course is a brief introduction to the different phases of work in psychology and education, which is taken later. The purpose of this course is to give those students who are entering training for the first time a background for the further study of education by introducing them to the terminology needed and helping them to decide in what fields of teaching they will specialize.

101. An Introduction to Teaching and Learning (3)

This book and an accompanying manual and study guide, "Directed Study and Observation of Teaching," have been prepared to help students who expect to enter the teaching profession. Part I gives the fundamental principles of teaching and learning; Part II, the activities and techniques of teaching; Part III, the techniques and activities of learning; Part IV, the media of teaching and learning; and Part V, teaching and learning by wholes.

102. Teaching the Elementary School Subjects (3)

This course deals with the principles underlying the selection, organization, and presentation of subject matter in the grammar grades. A special effort will be made to fit the course to the needs of the students.

200. General Psychology (3)

A course designed to introduce to the student the generally accepted facts, principles, and theories bearing upon the elements of behavior, with emphasis upon their application to the

learning and teaching processes. Intelligence, normal and abnormal; motivation factors in behavior and innate dispositions; the nervous system and its functions; sensory-motor mechanisms; kinds of responses; learning and coordination and activity; instincts and emotions; selective reposes; orientations to local stimuli, perception-patterns, illusions and hallucinations, language and thought; memory; self-control; personality and problems of adjustment. Required for a certificate to teach. Open to sophomores.

201. General Psychology (3)

A continuation of 200 Psychology.

202. Educational Psychology (4)

Four hours per week, each quarter. Required for certificate to teach. Prerequisite: Psychology 200 and 201 or equivalent.

A study of the individual and the processes by which changes are made in him through the agency of the school to the end that he may more adequately adjust himself to the changing material and social environment. The main emphasis falls in native equipment; individual differences, their measurement and their effect on current educational practice; learning in its various aspects; motivation; and adjustment.

203. Child Psychology (3)

The main purpose of the course is to present verified facts in a logical order that pertains to the psychological growth of the normal child. The course is concerned with the methods of handling the child that leads to the development of specific habits, traits, or ideals, and to indicate how the training to which he is subjected might be changed to produce different results. Various aspects of normal development are considered in turn with a final section on personality, synthesis, and integration. Complete analysis of infant behavior, motor development, language thinking, work, play, and the like, are presented as a functional unit in the complete personality.

## ECONOMICS

---

Mr. Elmore

### 200. Principles of Economics (3)

The course is designed to acquaint the student with some of the most common and practical economic problems. Among the topics considered are: money, banking, labor, value, price, trusts, and foreign exchange.

### 201. Principles of Economics and Applied Economics (3)

The first six weeks of this work is a continuation of 200. The second part consists of a study of the application of certain economic problems.

### 202. Continuation of 201 (3)

---

## ENGLISH

---

Miss Corley, Miss Simmons, Miss Ridgway

### 100. Composition (3)

All freshmen before registering are required to take a comprehensive English test in order to determine the section to which each will be assigned. The fundamentals of Composition Writing are studied. Emphasis is given to the working out of the principles in paragraph writing, in long expository and argumentative themes.

### 101. Composition (3)

The first term the sentence is studied; the second term, diction is studied. Weekly themes are assigned in order that the student may put into use the principles learned.

### 102. Composition (3)

The fundamentals of composition are made applicable to oral English, emphasizing communicativeness of thought through the spoken word. Talks for different life experiences are made and delivered.

### 103. Composition (1)

This is a course in the elements of journalism. A text will be used. Practical work in writing of news articles, editorials and feature articles will be done in connection with the

Radionian, the weekly student publication. Membership into this class is both selective and elective.

104. English Grammar (3)

This course is offered the third quarter, and is open to both freshmen and sophomores. Those who are planning to teach will find the work most helpful. The purpose of the course is to study the parts of speech, sentence analysis, and correct usage.

---

200. English Literature (3)

This course for the year covers the history of English Literature from the early beginnings up to the present time. In the first quarter the work extends through the Elizabethan Age. The outstanding authors are studied. Selections are assigned for reading and study.

201. English Literature (3)

This course extends from the Elizabethan Age through Romantic Period. Plan of study same as first quarter.

202. English Literature (3)

This course extends from the Romantic Period to the present day. Plan of study the same as followed in first and second quarters.

203. American Literature (3)

This course is an elective, and is designed primarily to meet a two-fold need; first, students who will not attend senior college may elect this course as a substitute for English Literature; second, students may choose this course in selecting courses to make up the required elective hours for graduation. In the first quarter, the work extends from the colonial period to Oliver Wendell Holmes.

204. American Literature (3)

The work of this quarter will begin with Oliver Wendell Holmes and extend through Sidney Lanier.

205. American Literature (3)

This quarter the work will be continued from Sidney Lanier to the present time.

## LIBRARY SCIENCE

---

Miss Ervin

### 100 How to Use the Library (1)

The aims of this course are: to create an interest in the library; to establish a wider knowledge of the field of books; to develop the reading habit; to foster a taste for the best literature; to develop in students some degree of skill in the use of books and other reference arts and the ability to use any library intelligently; and to provide opportunity for the practice of citizenship and the acquiring of desirable attitudes and habits in regard to books and libraries. Required for graduation. Required of all freshmen.

## GEOGRAPHY

---

Miss Shook

### 100 Economic Geography (3)

The purpose of this course is to set forth the great principles of geography in its human aspects; to show the relation of man's activities to his geographic environment.

### 101 Economic Geography (3)

This course has a high utilitarian value. It is devoted to economic conditions in the United States and Canada, including natural resources, agricultural products, industries, transportation and commerce.

### 102 Economic Geography (3)

This course is a continuation of 101 Geography, although it is not a prerequisite.

The course treats of foreign countries, and their commodities whose production and distribution are significant matters in industry and commerce; notably, the food material, textile fibers, and minerals.

## HISTORY

Mr. Lord, Mr. Blackwell, Mr. Hill

100. European History, 1500 to 1815 (3)

European background of American History; discovery and exploration; the Renaissance and Reformation; the rise of the national state; development of absolutism in France; the wars of religion; the Tudor monarchy; the Puritan revolution; commercial rivalry; the old regime and the French Revolution; the balance of power; the empire and the Napoleonic wars.

101. European History, 1815 to 1870 (3)

The Congress of Vienna; Europe in the 19th century world; the reaction following the French revolutionary movements; the revolutions in Austria, Germany, and Italy; the industrial revolution; the rise of the middle class; reforms in England; unification of Germany and Italy.

102. European History, 1870 to 1934 (3)

Russia and the Balkans; the development of constitutional government; the problems of the backward states; the new colonial rivalries; the partition of Asia and Africa; progress of science and industry; the Great War and its aftermath.

200. American History to 1789 (3)

European background; periods of discovery and settlement; the struggle for supremacy in America; the development of the British imperial idea and the causes of the American Revolution; the Revolutionary War; the periods of confederation and the framing and adoption of the Constitution.

201. American History, 1789 to 1865 (3)

The beginning of our foreign relations; the development and significance of Jeffersonian democracy; the War of 1812 and the growth of nationalism; the westward movement; the influence of the west and the rise of Jacksonian democracy; expansion and conflict; political parties and their uses; the ante-bellum South; the struggle for southern independence.

202. American History Since Civil War (3)

Reconstruction, the new South; the economic foundations of the new era; the new issues, their political, intellectual, and

economic background; big business; reforms, silver question; the United States as a world power; our colonial policy; the United States and the World War; economic and political re-adjustment since the war.

It is recommended that these courses in American History be taken only by sophomores.

---

## HOME ECONOMICS

---

Mrs. Shook

### 100. Food Selection, Preparation and Service (4)

Laboratory fee \$2.00

A course in efficient methods of food preparation with a view to the conservation of time and energy and the improvement of the product. The retention of color, flavor, and the effect of manipulation on batters and doughs. Economy meals: planning to save time, fuel, dishes and costs.

Demonstration and practical work in the food laboratory. Meals prepared and served to the students in the class. Two two-hour laboratory periods and two recitation and lecture periods each week throughout the year.

### 101. Food Selection, Preparation, and Service (4)

Laboratory fee \$2.00

A continuation of 100 Home Economics.

### 102. Food Selection, Preparation, and Service (4)

Laboratory fee \$2.00

A continuation of 101 Home Economics.

---

### 200. Clothing. Selection, Purchase and Design

Laboratory fee \$1.00 per year.

Basic text "Clothing Selection and Purchase" by Baker. Self-analysis as to figure, personal coloring, personality, etc. Application of fundamental principles of design as rhythm, harmony, balance, proportion with emphasis to one's clothing. Choice of clothing materials as to kind of fiber, weave, finish, width, cost, etc. Testing one's ability to sew as cutting, fitting, altering, planning clothing expenditures, selection of cloth-

ing, ethics of shopping, hygiene aspect, comparison of ready-made and home-made garments. Two two-hour laboratory periods and two one-hour recitation and lecture periods throughout the quarter.

201. Clothing Selection, Purchase and Design

A continuation of 200.

202. Clothing Selection, Purchase, and Design

Costumes through the ages. Contributions of each historic period to modern costume. Application of the fundamental principles of design to interior decoration, types of houses, treatment of walls, color schemes, draperies, floor coverings, selection and arrangement of furniture, lighting, pictures, and wall hangings, and flower arrangement.

---

## MATHEMATICS

---

Dr. McFarland

100. College Algebra (3)

Prerequisite: One and one-half units of Algebra and Plane Geometry.

A study of quadratics, fractional and negative exponents, systems of equations, progressions, permutations, and combinations. No credit is given on this course until mathematics 101 is completed. Fall quarter. Winter quarter.

101. College Algebra (3)

Prerequisite: Mathematics 100.

A study of theory of equations, logarithms, determinants, and infinite series. Winter quarter. Spring quarter.

102. Plane Trigonometry (4)

The course includes the study of trigonometric functions of any angle, logarithm, the solution of the right triangle with and without logarithms and the slide rule. Fall quarter. Spring quarter.

---

200. Analytical Geometry (3)

Prerequisite: College Algebra and Trigonometry.

The course includes the study of Cartesian coordinates,

curve and equation, the straight line and circle. Fall quarter.

201. Analytical Geometry (3)

Continuation of 200, and includes parabola, ellipse and hyperbola, transformation of coordinates, tangents, polar coordinates and transcendental curves. Winter quarter.

202. Analytical Geometry (3)

Continuation of 200 and 201 and includes parametric equations and loci, functions, graphs, Cartesian coordinates in space, and the plane and straight line in space. Spring quarter.

---

## MODERN LANGUAGES

---

Mr. Webb

NOTE: No student who has completed two years work in either high school French or Spanish is permitted to take the first course in that language in which he has done two years work. The student who has done two years work in high school French or Spanish is placed in the second year course of that language.

No student is given credit for any part of a language course until he has completed the entire course.

---

## FRENCH

---

100. First Year French (1)

This course is, primarily, for those who have had no training in the study of the French language. It is a study of the elementary rudiments of the language, laying stress on pronunciation and on developing the student's ability to read. The rules of grammar are stressed in this first year's work.

101. First Year French (3)

Continuation of 100 French. Prerequisite: 100 French.

102. First Year French (3)

Continuation of 101 French. Prerequisite: 101 French.

200. Second Year French (3)

This course is to be a rapid survey of the entire first year's work in French, in order that the student may be better pre-

pared for the intensive reading courses to follow. Prerequisite: First year college French or two years high school French.

201. Second Year French (3)

Beginning the reading of the best and most popular works of the greatest French authors. Prerequisite: 200 French.

202. Second Year French (3)

Continuation of 201 French. Prerequisite: 201 French.

---

## SPANISH

---

100. First Year Spanish (3)

This course is designed for freshmen and those beginning the study of Spanish. Pronunciation, grammar, and reading are the principles which are stressed. This course is prerequisite to all other Spanish courses.

101. First Year Spanish (3)

Continuation of 100 Spanish. Prerequisite: 100 Spanish.

102. First Year Spanish (3)

Continuation of 101 Spanish. Prerequisite: 101 Spanish.

200. Second Year Spanish (3)

During this course, the entire first year's work is reviewed, laying emphasis on difficult grammatical forms and translations. This is a preparative course for the work to follow. Prerequisite: First year college Spanish or two years work in high school Spanish.

201. Second Year Spanish (3)

Beginning the reading of the best and most popular productions of the greatest Spanish authors. Prerequisite: 200 Spanish.

202. Second Year Spanish (3)

Continuation of 201 Spanish. Prerequisite: 201 Spanish.

---

## POLITICAL SCIENCE

---

Mr. Wallace

200. American Government (3)

This course is a study of the general underlying functions

and principles of government, which serve as a basis for the study of the structure and functions of American government. A careful study will be made of the factors which led up to the writing of the Constitution, as a means of forming the Union. A careful study will be made of the creation and functioning of the three principal departments of our national government; the executive board, commission, and departments.

#### 201. State and County Government

This course deals exclusively with the governments of the forty-eight states of the Union in a broad general way. Attention is given to specific phases of government in those states which have accomplished most in the way of progress and reorganization. A brief survey of county and city government is made in connection with the course. Emphasis is placed on the newer forms of city government and the benefits derived therefrom.

#### 202. Local Government (3)

The course includes a detailed study of local government in all of its phases. It is organized around local governmental problems which will be solved by the class through the assimilation of materials from the best writers in the field.

## PUBLIC SCHOOL MUSIC

Mrs. Buckley

NOTE: This course is recommended for all students majoring in education.

#### 100. Public School Music (3)

Kindergarten, first and second grade music; Note singing, child voice, sight singing, notation, methods.

#### 101. Public School Music (3)

Third, fourth, and fifth grade music. Sight singing, ear training, notation, appreciation, methods.

#### 102. Public School Music (3)

Sixth, seventh and eighth grades; Sight singing, ear training, voice testing, notation, appreciation, methods.

#### 200. Methods of Teaching High School Music

A study of intervals, triads, and chords: voice testing, care of the changing voice, appreciation, chorus, methods.

201. Methods of Teaching High School Music

Harmony, history, appreciation, chorus, lesson planning, methods.

202. Methods of Teaching High School Music

Harmony, history, appreciation, chorus, materials, methods.

---

## PIANO, HARMONY, VOICE

---

Miss Holliman

### Piano

NOTE: For entrance to first year, applicant should be able to play the following or their equivalent: Little Prelude and Fugue by Bach, first movement from an easy Sonata by Haydn or one of Mozart's easier compositions; two Etudes selected from Czerny Op. 299.

#### Freshman Piano (3)

Two half hour lessons a week throughout the quarter. Practice on instrument required; six hours per week.

Little Preludes and Fugues and Two Part Inventions by Bach.

Czerny Op. 299 and Op. 740.

Sonatas by Haydn and Mozart.

Schumann: Scenes from Childhood.

Modern Compositions of similar difficulty. Technique according to individual needs of the student.

#### Sophomore Piano (3)

Two half hour lessons a week throughout the quarter. Practice on instrument required; six hours per week.

Bach: Two and Three Part Inventions.

Chopin: Preludes.

One movement from one of Beethoven's easier Sonatas.

Czerny Op. 740.

Modern compositions of similar difficulty. Technique to suit the individual.

### History of Music (2)

A concise survey of the entire field of musical development. A course tracing the history of music from the earliest records to the present time.

### Piano Ensemble (1)

Sight reading, accompanying, and two piano playing are especially stressed. Ensemble recitals are given often and the student has the opportunity of appearing in public.

For freshmen and sophomores.

### Freshman Harmony (2)

Major and minor scales and their intervals and triads. Principles of part-writing. Chords and their inversions. Cadences, Sept-chords, their resolutions, and inversions.

Credit: Two quarter hours.

### Sophomore Harmony (2)

Secondary Sept-chords, collateral Sept-chords of the ninth, eleventh, and thirteenth, altered chords, chromatic chords, suspensions, and harmonizing melodies.

### Voice

#### 100. Freshman Voice (2)

Two half hour lessons a week throughout the quarter. Voice building through exercises meeting individual needs. Corrective breathing, posture, tone-placement, clear enunciation, phrasing, and interpretation. Such studies as Pachelbel, Sieber, Cocone, Spiker, Vaccai, and songs of medium difficulty are used.

#### 101. Freshman Voice (2)

A continuation of the above course the second quarter.

#### 102. Freshman Voice (2)

A continuation of the above course the third quarter.

Tuition for piano or voice is \$5.00 per month.

Tuition for Harmony and Music History to be charged according to the size of the class.

# Names of Students 1936-37
